3.6 Delays

Kevin's Moving service shall not be liable for any delays in transporting household goods resulting from an act of God or fault or neglect of any unforeseen entities.

SECTION 4

4.1 Payments

PAYMENTS

(A) The carrier will not deliver or relinquish possession of any property transported by it until all tariff rates and charges thereon have been paid in cash, except where other satisfactory arrangements have been made between the carrier and the consignor or consignee.

(B) A finance charge of 1% per month will apply to payments made after thirty (30) days from date of invoice.

4.2 LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE

MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD

(A) Ready to Assemble Furniture is defined as meaning furniture manufactured from press board, particle board, engineered wood or similar materials which is shipped from the manufacturer in a knocked down (KD) or knocked down flat (KDF) condition to be assembled by the retail store, reseller, or end-user. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. It is not constructed to withstand the normal stress of a move as an assembled unit. Assembly instructions frequently suggest that the connecting hardware pieces be glued in place. This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unrepairable damage.

(B) When a shipper elects to ship an article as defined above, and notwithstanding the language contained in the Notice below, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.

(C) Prior to the movement of a shipment of household goods, the carrier shall give the shipper a notice containing the language outlined below and receive back a copy by email or mail.

NOTICE

LIMITATION OF LIABILITY ON READY TO ASSEMBLE FURNITURE

MADE FROM PRESS BOARD, PARTICLE BOARD, AND ENGINEERED WOOD

Furniture manufactured from press board, particle board, and/or engineered wood is designed to go into a box from the manufacturer, to the retailer, and then to the customer unassembled. It is not constructed to withstand the normal stress of a move as an assembled unit. Most is not designed with the extra wood structural pieces to adequately brace the unit for movement out of or into a residence, and may not withstand the normal truck vibration, even in air-ride trailers. Usually chips or dents are not repairable. Surface impressions can be made on the furniture when writing on a single piece of paper. Assembly instructions frequently suggest that connecting hardware pieces be glued in place.

This does not significantly improve the structural integrity of the pieces and makes disassembly impossible without creating substantial, unrepairable damage. When a shipper elects to ship an article as defined herein, and notwithstanding the language contained in this Notice, in no case shall the liability of the carrier exceed \$.60 per pound per article or \$50.00 per article, whichever is greater.

☐ Option 1 I/we choose to disassemble and reassemble all press board, particle board, and or/engineered wood furniture prior to move. I/we assume all responsibility for damage to the press board, particle board, and/or engineered wood furniture which may occur during the disassembly of the furniture.

☐ Option 2 I/we have engaged the services of another individual or company to disassemble all press board, particle board, and/or engineered wood furniture prior to move. I/we assume all responsibility for damage which may occur to the press board, particle board, and/or engineered wood furniture during the disassembly of the unit(s).

☐ Option 3 I/we am/are tendering furniture constructed of press board, particle board, and/or engineered wood fully assembled as a part of our move. I/we understand that any claim for damage to the press board, particle board, and/or engineered wood furniture may be denied due to inherent vice, based upon the fact that fully assembled press board, particle board, and/or engineered wood furniture is inherently susceptible to damage as outlined above.

Shipper, owner, or consignee must select Option 1, 2, or 3.
